

My Dearest Residents' of North Miami Beach, I am humbly asking for your vote; so I may proudly serve you on the North Miami Beach City Commission.

My goals are as follows:

- Promote a sense of Community, with people in all districts, coming together.
- Create a comfortable, welcoming environment in Commission Chambers, and all City Government offices.
- Encourage new voices and different opinions.
- Everyone's opinion will be valued and appreciated.
- Foster a spirit of fairness, equality, and mutual respect, for all.
- Believe we can survive injustice and that good will prevail.
- Teach our children that every generation does better than the generation before and hard work, tenacity, and patience, will pay off.
- Embraces Cultural Diversity

Please give me your support by voting for me on November 3rd, (election day). I hope you are excited about our journey together, and the legacy we will leave. My life experiences, both good and bad, have prepared me to serve you, with compassion, understanding, sensitivity, and hope.
